

USANDO “PADDING” NA <div> COM *.CSS

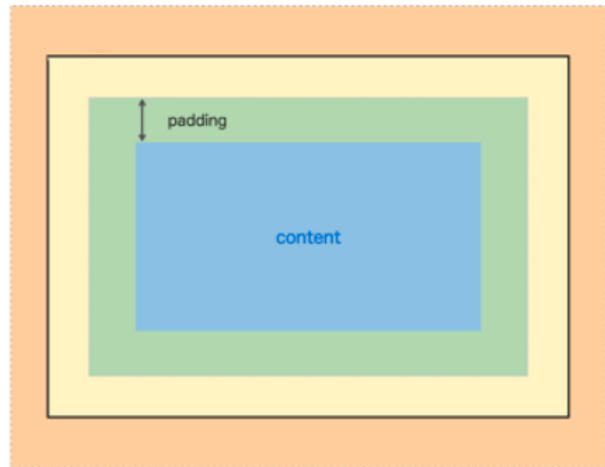

```
div {  
  width: 200px;  
  height: 200px;  
  padding: 20px 20px 20px 20px;  
  border: solid 10px #000;  
  margin: 10px;  
}
```

“**PADDING**” REPRESENTA O ESPAÇAMENTO ENTRE O CONTEUDO E A BORDA DA <div>

INSERINDO 4 VALORES

```
div {  
  padding: 20px 20px 20px 20px;  
}
```

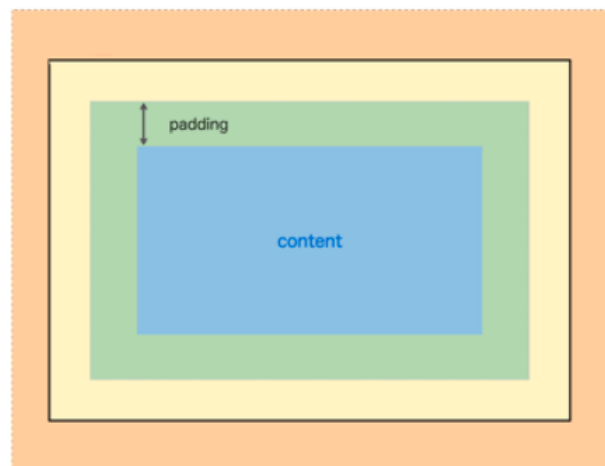

```
div {  
  padding: 20px 20px 20px 20px;  
}
```

INSERINDO 3 VALORES

```
div {  
  padding: 20px 20px 20px;  
}
```

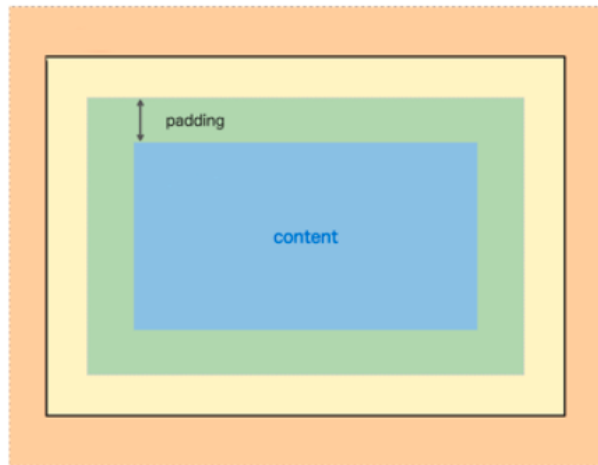

```
div {  
  padding: 20px 20px 20px;  
}
```

INSERINDO 2 VALORES

```
div {  
  padding: 20px 20px;  
}
```

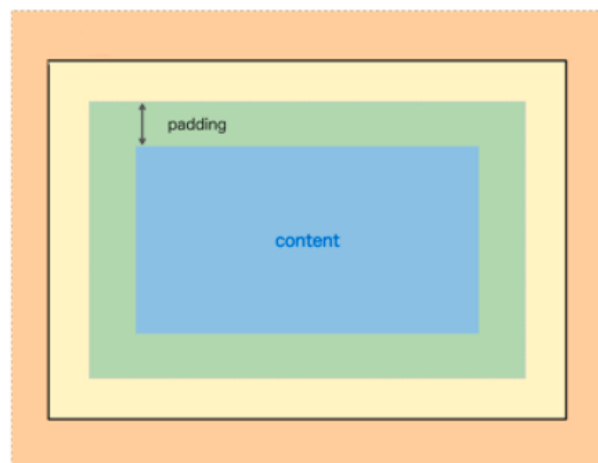

```
div {  
  padding: 20px 20px;  
}
```

INSERINDO 1 VALOR

```
div {  
  padding: 20px;  
}
```

```
div {  
  padding: 20px;  
}
```
